

Designer storage

**Schlüter®-SHELF**

# Attractive, stable and quick to install: Schlüter®-SHELF

Schlüter-SHELF is a stylish addition to showers, bathrooms and much more. The shelf in elegant design offers a practical storage solution whatever tiles are to be installed or already exist.

- Brushed stainless steel or aluminium with TRENDLINE-coating
  - Designs: PURE, SQUARE, WAVE, FLORAL and CURVE
  - Five different formats
- 

## Schlüter®-SHELF-E

Schlüter-SHELF-E are shelves in three different shapes for installation in corners. The shelves can be integrated into the tile assembly during installation or retrofitted into the joints of tiled walls, using the 2 mm attachment wings. SHELF-E are suitable as shelves in shower areas, but can also be integrated into other tiled areas, e.g. into tiled kitchen walls.

## Schlüter®-SHELF-W

Schlüter-SHELF-W are rectangular shelves for wall surfaces. Their trapezoid perforated anchoring legs are integrated into the tile assembly during tile installation. They are suitable as shelves in shower areas, but can also be integrated into other tiled areas, e.g. into tiled kitchen walls.

## Schlüter®-SHELF-N

Schlüter-SHELF-N are rectangular shelves for use in prefabricated Schlüter-KERDI-BOARD-N niches. They are precisely fitted as a shelf in KERDI-BOARD-N niches during tile installation.

Schlüter®-SHELF-E-S1

PURE | Textured finished aluminium | Stone grey

Schlüter®-SHELF-E-S2

SQUARE | Textured finished aluminium | Ivory
